Welcome

The beginning of a new year is the time when we plan to bring change into our lives. Enthusiasm passes however and these changes are not implemented.

You don't have to wait until next January - every day is a good day to introduce useful habits into your life.

We want to share our ideas with you and suggest what we can do to make good "habits" stay with us permanently.

Winton Business travel bag with suit compartment

R91819.21

melange fabric • W570 x H370 x D290 mm • **silkscreen** 150 x 100 mm

This upgraded business bag with refine design allows you to transport your suit and other travel items safely. Perfect as a hand luggage, will protect your suit / shirts against creases. It has many well-designed functions to simplify packing: a large main compartment and a separate compartment for a suit (you can fit it together with the hanger). An external, side pocket useful for handy items or a book, a tie pocket and a separate large pocket for shoes. Smaller pockets for packing documents, cables, etc. Adjustable shoulder strap with a soft pad. A wide belt at the back of the bag, thanks to which you can hang it on the handle of the suitcase. An additional advantage is the possibility of folding it flat, so it does not take much space when stored.

DECORATION METHODS

PERSONALIZE YOUR GIFTS

UV PRINT

UV printing is printing with polymere inks that are UV dried. It 's great for Full colour printing including tonal transitions on both small and large areas. Multiple UV imprint makes for the relief printing.

LASER ENGRAVING

Laser engraving is an ideal technique for decorating wood, rubber & metal products. Laser creates a clean, polished appearance with high precision etching of artwork into the product 's surface.

SILKSCREEN

Silkscreen printing is a universal printing techique, especially for large decoration area, whereby a mesh is used to transfer ink onto a substrate, except in areas made impermeable to the ink by a blocking stencil. Each colour is printed independently

DEBOSSING

Debossing is a technique using a die to heat-press artwork into the product's soft surface.

PAD PRINTING

Pad printing is a highly efficient technique for decorating products of different shapes and surfaces. A company logo or any artwork is applied onto the item with a soft, smooth stamp, called a pad.
